ABOUT ME

Passionate and detail-oriented Computer Science graduate with a strong foundation in web development, software engineering, and problem-solving. Skilled in MERN stack development, with expertise in React (Vite), Node.js, Express, and MongoDB. Experienced in designing and maintaining web applications, ensuring performance and scalability. Completed an internship at ANRS Industry Park Development Corporation, where I contributed to website development and maintenance, as well as mechanical engineering-related tasks. Strong understanding of object-oriented programming (OOP), algorithms, and time complexity. A fast learner with a keen interest in unit testing, system optimization, and modern web technologies. Adept at working in collaborative environments, delivering high-quality solutions, and continuously improving technical skills.
